

## Concept Video Submission

- 1) Produce a (3-5 minute) video showcasing the concept of your design solution.
- 2) **Act out** scenarios that highlights:
  - the problem from perspective of user
  - key aspects (UIUX) of your solution
  - and the impact of your proposed solution
- 3) Please include English subtitles for your video (even if the dialogue spoken in the video is in English)
- 4) Insert a standardized intro to the video – can get the intro [HERE](#)
- 5) Video must not be more than 5 minutes long, and in common format like .avi, .mp4
- 6) Ensure video is visually appealing with effective scenarios/storytelling. Please utilize creative video editing. See previous video examples done by your seniors [HERE](#)
- 7) Each group need to upload the video to their own cloud storage (preferably Google Drive), and write the URL in the document [HERE](#)
- 8) URL of the video must be updated by **7 JANUARY 2025 BEFORE 10AM**
- 9) Concept video will be marked as part of Project #4. Refer the Project #4 instruction for rubric.
