PROJECT PROPOSAL

Mini Project Title:

FC Final Year Project (FYP) Proposal Management
System

Group Members:

- 1. ABDUL HADI BIN NORDIN**
- 2. NUR DIANA BINTI NUKMAN**
- 3. DIVIA A/P PRUMAL**
- 4. LIM TING YEE**

MINI PROJECT DESCRIPTION

1. Introduction

Describe the background information of the system.

2. Problem statement

Describe the current problems in the manual implementation of the existing system. Describe what are the functionalities you have proposed in the existing system to overcome the problem.

3. Class Diagram of the project

Give a complete class diagram (attributes and methods) with appropriate relationships between the classes. Show the person in charge in completing the coding of the classes (in table). The class diagram can be updated for final submission.

4. TECHNIQUES/SOFTWARE/TOOLS BEING USED,

State or tick the main concept of Java Programming to be used in this project

☐ ENUM	☐ ASSOCIATION*
☐ ARRAY LIST /.VECTOR	☐ COMPOSITION
☐ ARRAY	☐ AGGREGATION
☐ ARRAY OF OBJECT	☐ INHERITANCE*
☐ FILE*	☐ STATIC METHOD
☐ POLIMORPHISM*	☐ ABSTRACT CLASS*
☐ INTERFACE CLASS*	☐ EXCEPTION HANDLING*
☐ GUI APPLLCATION	☐ Others: _____

- *compulsory – also comments, style etc
- State tools, apps or software to support this mini project.

Project proposal submit by the leader through E-learning before or at 16th June 2025 (Monday)

12th June 2025 (Thursday)

- Creating a group (4-5 students) – by lecturer
- Meet in an online class/platform: decide on a case study and come out **with the proposal on page 1.**

Example of Project Title/case study:

- Homestay Taman Ria booking System
- Foods Ordering System
- Staff attendance application
- MyPerfume ordering and billing system
- Child Adoption System
- Recycling product management system
- Home tuition scheduling system
- Electricity billing system.
- Voting system for College Leader (JKM)
- Noodle cook menu management system
- MyNoodle food ordering system.
- Bundle store record system
- Pre-loved dress : buy and sell application
- Learning Styles (AVK) System
- Happy Index System (Faculty at UTM)
- Travel Car Booking System
- Nursery Sri Ilham Registration and Management System (SIRM)

*Students can create their title based on the case study that the group is interested in and agreed

MINI PROJECT

OOP MINI PROJECT

REPORT FORMAT (5%)

- Table of Contents
- Introduction
- Problem statement
- Objectives
- Project Design (Class diagram)
- Project Output (Screenshots)
- Conclusion
- Appendices (java files) (**JAVA PROGRAM – 5%**)

SUBMISSION

- Report softcopy
- Submit by the leader through e-learning before **26th June 2025 (Thursday)**
- **26th June 2025 (Thursday)** will be the **demo and presentation (5%)** for Mini Project Section 02
